

July 2017

Dear Pastor and Praying Friend,

As many of you know from our last prayer letter, we are in a transition with our ministry. This letter is to give you an update on our current status.

As of July 17th we were accepted with the “Central Missionary Clearinghouse”. This means that all future support needs to be sent to them and not “Macedonia World Baptist Missions.” Macedonia has graciously agreed to handle our support until the end of September 2017, but after that all support will be sent back to the supporting churches.

Enclosed with this letter is a **one time** use form that must be filled out before sending support to Central Missionary Clearinghouse, (CMC). One is for individuals, and the other is for Churches. Please make sure to read the form, and fill out the requested information, our name is already on the form. This allows CMC (Central Missionary Clearinghouse) to know when you send your support who you will be supporting. So if you are an “Individual” supporter, only fill out that form, and likewise “Churches” only need to fill out the Church donor form. “Special Instructions” box only needs to be filled out if there is a special project you are donating to... example, “Building fund, Car Fund, Medical Fund, “...etc.

We will also be getting new prayer cards and letterheads for our new ministry, so this should be the last time you will be seeing our old letterhead. All of our contact information will remain the same. If everyone could please help us with this, it would be great...we are praying for a smooth transition and I know with the Lord’s help this is possible.

Please make note of this information, and send the requested donor form back along with any support so that we may continue this vital ministry to the disabled and shut-ins.
