Dan and Edna Cadavos

Ministry highlights March - May 2018

Philippine summers begin a bit earlier than summers in the USA so we end our school year in **March**. What a blessing to see Dan graduate with his Master's in ministry degree from BJMBC in Manila. This was a highlight of 4 years of not only taking the course himself, but hosting and facilitating this opportunity for other pastors in our area.

In **April** we held our annual youth camp at Refuge Mtn Bible Campgrounds. We are thankful for what the Lord did in the hearts of many of our youth and a number coming to Christ as well. This month of **May** is our ministry planning month for which we covet your prayers. Also it is our "in-service" training for our school staff.

Pastor Paul Whitt

from our sending church Bethany Baptist of Brevard, NC, was our guest speaker for our Christian school's graduation. He also spoke for our Family Camp, led a three day seminar for our school staff and was our guest speaker for the 20th anniversary for Mt Calvary Baptist Church. What a blessing to have had him with us!

Rejoicing with parents

Looking back over the years in our school ministry we rejoice in how many parents have come to know Christ, gone on to grow spiritually and even become a blessing back to our ministry. CICS bringing families to Christ!

Prayer Request

On April 6 Edna had surgery to close the gap in her femur. A bone graft was taken from her hip. We praise the Lord for the success of that surgery, however a mass was extracted in the area and a larger one remains. Biopsy reports show that there is a "new" cancer. Do pray for healing, wisdom and provision for medical choices we are making. God always has a purpose for events in our lives. While in Cebu for initial treatments, we saw several come to Christ, co-patients in the homeopathic clinic, taxi drivers, vendors and this precious woman "Mother Linda", she is only 53. The harsh reality of a difficult life. Praise God for her new life in Christ. Thank you for your prayers.
