

NEWS FROM NICARAGUA AND YOUR MISSIONARY BOB DAYTON

September 2018

As your missionary I must keep traveling on. I need your prayers as I move my things to Puerto Cabañas, Mesquite Indian country. I am excited to see what God is going to do. With your prayer support we will be there by January of 2019.

Everything that we have built has been with the labor of our pastors. These men are ones that we have led to Christ. God has raised them up to work with me. God is so good.

I started this ministry in Mesquite Indian country nine years ago. The work has spread to four churches. With your help we are reaching many Indians for Christ.

Thank you for praying with me for the finishing of the buildings for training the Mesquite Indians. We are 3/4 done with the construction of the dorms and areas for teaching of classes. We pray to have the outside construction finished in November. It has been a blessing to give my personal monies to have a school for reaching the thousands for Christ. Now I will have to put the construction on hold. We need \$30,000 for classrooms.

We are rejoicing just to think that in January of 2019 we will have a Bible institute for Mesquite Indians.

The reason that I have labored on the mission field for 49 years is to win souls and baptize them in the name of our Lord. What a joy! Thank you once again for being my prayer partners and supporters of reaching Nicaragua for Christ.
