Thank you to all who have given and helped with the development of the new property for the Waspam church. The house is about 80% complete and is being used heavily for all aspects of the ministry. We have been holding services at the new property for the last several weeks and built four temporary Sunday School classrooms on site for now.

The church men have been very faithful to work two to three days a week at the church property making improvements. We are now praying for the church people to step up their giving and be faithful and see God provide for the completion of the house and a larger meeting area within their reach (ie. pole barn with tin roof).

We (ourselves and you, our supporting churches) have given much in the way of construction to this new church to help them get off the ground in a very poor

Vehicle Update

Another big "Thank You" to those who recently gave towards our engine overhaul and vehicle repairs. After two months without a vehicle, we traveled to Managua to pick up our 4Runner in May. The motor is running well and many additional repairs were

area. Over the last year, the Lord has impressed on my heart the importance of the people shifting their expectation of help from foreign funds to Him and to begin to take personal ownership for reaching others and not see it as the responsibility of the missionary or someone else. This is a spiritual change and for this we ask for your prayers.

We thank the Lord for the salvation of several souls over the last couple months. Cesar is a young
