CHURCH-PLANTING IN INDIA

“Great Soul,” but No Salvation

October 2 marks the birthday of Mohandas K. Gandhi. Gandhi is a hero to the Indian people for his contributions their freedom from the rule of the British Empire. His crowning achievement was protest through non-violence. Through his “Homespun” movement he was able to undermine British rule and help form a new government for India.

For all of the good things he did men call him “great soul” or Mahatma, but Gandhi lacked the most important thing for his soul. He died a Jain believing that his good works would merit him a greater reincarnation. We know though that if he did not know the Lord, Gandhi died and went to Hell. This should serve as a stark reminder to us that good men die and go to Hell. Pray

for the people of India that they can here the only truth that will save their souls!

“I’m in, right out, right up, right down...”

This song we used to sing in Children’s Church near perfectly describes the life we’re living right now. Last week, we were in Miami, FL on Sunday and in Hallstead, PA (about 8 miles from NY State) on Wednesday. By the time we got home to Georgia we had traveled the length of the continental United States!

For the rest of October we will be traveling between Tennessee, Virginia, and North Carolina, and thankfully many of the meetings will be closer together. Thank you for praying for us as we travel!

Baby Update

Beth has just recently entered her third trimester, meaning that baby Quinn will be here very soon! Thankfully, baby and mom are both doing well. Please continue to pray as we getting things prepared for her arrival. Pray also fro Beth as we are on the road as it is getting more difficult to ride in a car for long hours.

Thank you and may God bless you,

Sam and Beth Quinn
