CHURCH-PLANTING IN INDIA

Mission's Conference Season kicks off!

In the spring and fall of the year, there's a time that missionaries call "Missions Conference Season." The title is pretty self explanatory: churches all over the US are allowing us and other missionaries to come and share the burden of our countries with them. This both a wonderful and busy time. In this "season" we will be in South Carolina, North Carolina, Georgia, Mississippi, Alabama, Indiana, Tennessee, Virginia (several times), Florida, and Pennsylvania.

During this time your prayers are deeply coveted. You can pray with us about:

- Traveling safety
- We can be a blessing to the churches we visit
- This will be a time of support raising so we can get to India
- Beth as she gets farther along and traveling gets more uncomfortable
- God would allow us to see young people raised up for missions

Thank for all your prayers!

And the gender is...

A few weeks ago found out that we're not just having a baby; it's a baby girl! Beth is about 22 weeks now. Please continue to pray for her and our daughter's health.

Upcoming VBM events

VBM has a few events coming up in the next few months. Please pray for these meetings that young people would be encouraged towards missions!

- World Evangelism Conference in Pine Bluff, AR
- OGTC Summit at Lake Lanier, GA
- OGTC Summit North in Boston, MA

Thank you and may God bless you,

Sam and Beth Quinn
