CHURCH-PLANTING IN INDIA

Six City Initiative

Team Come of See India would love to see more people praying for India! In an effort to encourage more prayer, they have made available this map that can be printed (or we can send you one) to pray for the six largest cities in India.

New Delhi - 22 million
Mumbai - 20 million
Calcutta - 15.6 million
Lucknow - 2.9 million
Kanpur - 2.4 million
Jaipur - 3.1 million

All of these cities are 99% percent Non-Christian, and they need gospel preaching, leader-training churches! There are several ways you can pray for this work:

1. Pray for open doors to minister in these cities
2. Pray for more labourers in these cities
3. Pray that we can see Indians trained to pastor and reach their own people

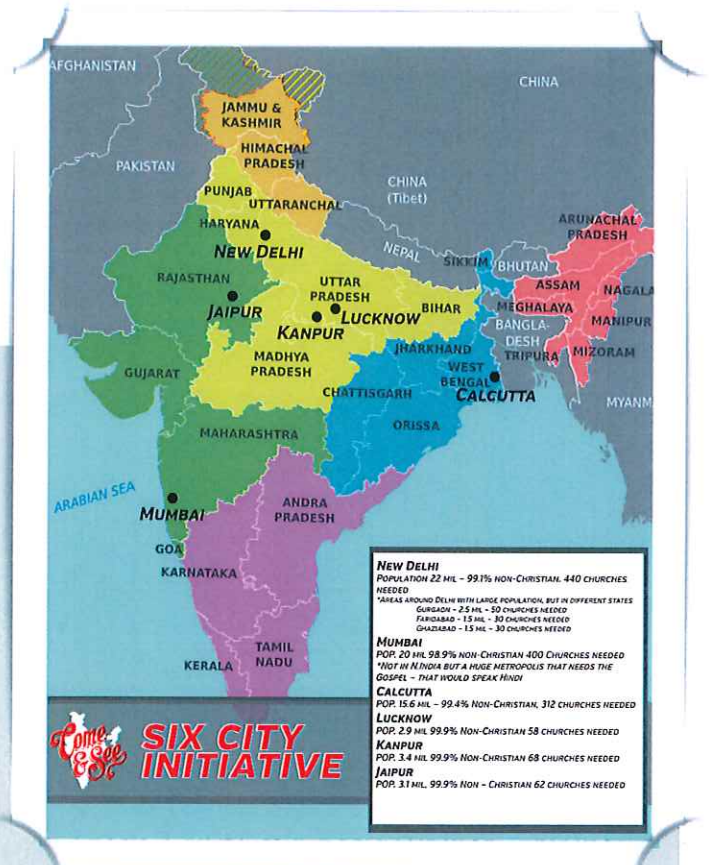

Thank you for partnering with us in praying for this Six City Initiative!

Blessing from the road

On Sunday of a missions conference in Columbus, OH Beth and I were blessed to teach the children's church. We had a great group of kids and I taught on the palsied man who was brought to Jesus by his four friends. At the end we had an invitation and one little girl was saved! Thank you for praying for us as we're blessed to minister on deputation!

Thank you and may God bless you,

Sam and Beth Quinn
