April - June 2017

Dear Praying Friends,

I have been busy getting things ready for **Good News Club** which will begin the second week in September. We had a good closing in the April and had around 30 family members attending and my field director, Brother Steve Stone, preached for us. I met with the principal and we have permission to use the school again this school year. We have two training sessions planned and I am trying to recruit new volunteers. We plan to attend the open house at the school to meet as many parents as possible and get a head start on registering the children. Please pray for new volunteers and for the upcoming year. We want to reach as many children as we possibly can with the Gospel. Satan is working overtime and we do not know when this door will be closed.

Prisons

The retreat at Camille Correctional on April 29th went very well. There were over 200 inmates attending and we had several salvation decisions and many others came forward for counselling. I was especially glad to have my daughter, Missy, come with me for this retreat. It was her first time to volunteer in a prison. During one segment of the program we broke up into small groups for discussion of several topics pertinent to prison life and difficulties the inmates have serving the Lord in prison. My group participated without too much prompting and we had a time of prayer with them. Although I have been volunteering in prisons for several years, I am still amazed when I talk to the very young and the very old. I pray our work with children will keep them out of these places. It is heart breaking to see what a life of sin can bring you to.

The services at Leath Correctional are continuing although we have had several cancelled. It seems the Devil works especially hard to close the doors in this facility. Please pray for these ladies as we try to reach and teach them.

My mother's health continues to decline and she is confined to a wheel chair now. Please pray for my family and me as we care for our mother. We count it a privilege to be able to do this. My health has been good except for aches and pains we all experience from time to time. Could it be that I am just getting old? Thank you for all your prayers and financial support.

Love in Christ,

Faye Owens
