Dear Faithful Supporters, Family, and Friends,

July is camp month for us here in South Africa! This year, three of our outstanding teenage boys plus one equally outstanding teenage girl (unfortunately not pictured) were able to attend counselor training sessions here led by staff from Camps Abroad, the international wing of the Wilds Christian Camp in Brevard, NC. In the following two weeks, groups of our teenagers and younger children were able to attend camp along with young people from other churches in the Cape Town area with which we fellowship. We are so grateful for missionaries and South African brethren who have come before us to establish Paardeberg Mountain Retreat where our boys and girls and teenagers have the privilege of attending a solid, conservative, distinctively Christian camping program. We encourage you to check their website at www.pmr.co.za

Also since our last letter, Russ' 101 year old father passed away in the States. We were gone for some weeks to attend his funeral and to help Russ' sister attend to his house, property and affairs. We are very grateful for our colleagues, Marc and Nancy Blackwell and their South African co-laborers, who stepped into our places, carried on our church ministry and got our young people ready for camp!

Yours for
South Africa,

Russ and Barbara
